Build Your Custom Pack with these Simple Steps

1. Determine your component list, including Storz® ophthalmics single-use instrumentation, CapsuleGuard® I/A handpieces, cannulas and Laseredge® Plus disposable knives.
2. Contact Bausch + Lomb Customer Service to initiate a quote: 800-338-2020 or SelectPackQuotes@bausch.com.
3. A Bausch + Lomb Custom Packs Coordinator will review the request and work with you to ensure you are getting the appropriate products at the best possible procedural price.
4. Once your custom-designed pack is finalized, begin receiving your inventory and spend less on handling and inventory control issues encountered when dealing with multiple suppliers.

CapsuleGuard® I/A Handpieces

Benefits of CapsuleGuard® I/A Handpieces

STERILE

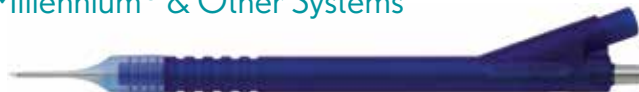

- This instrument features a flexible tip design for effective cortical removal.
- The smooth irrigation and aspiration ports eliminate sharp edges for reduced risk of capsule rupture.
- The silicone tip design facilitates cortex removal, capsule polishing, viscoelastic removal and IOL manipulation in the capsular bag and the semi-transparent silicone sleeve provides visualization.
- A fully assembled single-use design is provided for consistency and convenience.
